

“Incident Response to Terrorist Bombings” (IRTB AWR-130)

And

“Prevention and Response Suicide Bombing Incidents” (PRSBI PER-230)

Thursday, January 12 2006

Course Description

This course is intended to supplement existing in-service training programs at emergency response agencies at local and state levels in the U.S. This is an awareness level course designed to provide basic instruction in WMD, with a focus on explosives and incendiary devices as terrorist weapons. The course includes classroom presentations that address potential terrorist targets in U.S. communities, common military and commercial explosives (available to terrorists), improvised explosive devices, and response procedures that support safe and effective operations during bomb incidents.

Prerequisites

Employment as an active law enforcement officer, firefighter, or emergency medical technician, or assignment to other positions at state or local level involved in planning for or implementing emergency responses to bomb incidents

Intended Audience

- Law Enforcement Officers
- Fire Service Personnel
- Bomb Technicians/Emergency Ordnance Disposal Specialists
- Hazardous Material Responders
- Emergency Medical Personnel
- Emergency Planners/Preparedness Personnel
